

Student Name _____

Project Title _____

Entry # _____

Physical Appearance of the Project: (10 Points)	Possible Points	Points Earned
Exhibit is colorful and neat in appearance.	4	
Exhibit is well organized.	3	
Exhibit shows originality.	3	

Notes:

Student Understanding/Oral Presentation: (15 Points)		
Student is able to explain the experimental design for the experiment and uses eye contact.	5	
There is evidence of student research.	4	
Student is able to use visual aides on the display to explain and analyze what happened.	3	
Student is able to respond to the judges questions.	3	

Notes:

Scientific Merit: (25 Points)		
Problem can be investigated.	3	
Hypothesis is clearly stated.	3	
Variables are correctly identified.	3	
Shows evidence that variables were controlled during the experiment.	3	
Procedure is detailed.	3	
Data collected is relavent to the hypothesis.	4	
Graphs and/or analysis of data are appropriate.	3	
Conclusion is thorough and new questions were raised as a result of the experiment.	3	
Subtotal:	50
